---

Objective | **To serve as a Data Scientist**

Education | **UNIVERSITY OF RHODE ISLAND,** KINGSTON RI
- **MS in Computer Science 2017'**
Thesis – "Kodai: A Software Architecture, Implementation for Segmentation."

SRI RAMASWAMY MEMORIAL UNIVERSITY, CHENNAI, INDIA
- BS in Computer Science and Engineering, 2009-2013

Technical Skills | **Programming Languages**
- C++, Java, Python, R and SQL
- Github, Django, Pandas for Data Analysis
- Agile, Waterfall methodology for Software Development

Work Experience | **Data Science Intern, Cru, Orlando, Florida. (2017-2018)**
Computer Science Teaching Intern, ACE Academy, Providence **(2017)**
- Computing concepts CSC 101, JavaScript, and Python programming

Projects |

Data Science Intern, Cru, Orlando, Florida
- Analysed data-sets in R and iPython notebook
- Performed queries in Oracle OBE platform
- Served in creating future direction for Data Science team

Mobile Application for Fitness Development
- Fitness mobile app creation that tracks user fitness over time
- Software design process documentation

Football Application
- Object Oriented System Design team supervision
- Front-end interface development
- Java programming and testing

Kodai: A Software Architecture, Implementation for Segmentation (MS Thesis)
- Data Analytics on Supermarket revenue improvement
- Software Engineering Methodology

Leadership | **Campus Student Leader, Bridges International**   2014-Present
- Vision casting and planning organizational needs
- Effective communication cross-culturally with over 30 countries
- Fundraised over $40k
- Recruited over 10 volunteers
- Effective leadership and conflict resolution in cross-cultural environment

Agriculture Project Leader   2009–Present
- Administer and lead mango farm building
- Successfully led drip irrigation project
- Responsible for administering two-acre coconut farm
- Urgent bore-well project for coconut farm during water crisis

Tirunelveli Real Estate Manager   2009–Present
- Responsible for marketing apartments, empty plots, and farms
